## Work Experience

# Amazon Delivery Service Partner (Veterans Logistics)

**Delivery Driver** 

Chicago, IL (Oct 2023 – Now)

- Surpassed daily delivery goals as an Amazon Delivery Driver through efficient route optimization and exemplary time management.
- Prioritized safety, maintaining an outstanding record by strictly adhering to Amazon's protocols and participating in ongoing training.
- Fostered positive workplace culture through effective communication and collaboration with colleagues, dispatchers, and support teams.
- Provided exceptional customer service with accurate and on-time deliveries, contributing to a positive image of the Amazon brand.

## Old Navy

Product & Operation Manager

Chicago, IL (Feb 2023 – July 2023)

- Spearheaded product placement, marketing initiatives, and markdown strategies while optimizing Ship From Store operations for enhanced efficiency.
- Executed thorough audits across all shops, identifying and rectifying missing or incorrect signage, and implemented targeted marketing materials to elevate brand visibility.
- Offered hands-on oversight, coaching, and support in product placement, fostering collaborative partnerships with department managers to ensure precise and impactful positioning of products.
- Achieved and maintained timely completion of morning shipments, consistently surpassing the UPH (units per hour) goal, showcasing a commitment to operational excellence.

#### **Ulta Beauty**

Information Technology – E-Commerce Intern

Bolingbrook, IL (Oct 2022 – Dec 2022)

- Orchestrated seamless collaboration with cross-functional IT teams, meticulously gathering up-todate information on applications and cutting-edge technologies.
- Demonstrated precision in analyzing and comprehending diverse design documents, ensuring the precision of updates to low-level design documentation.
- Played a pivotal role in the development of proof of concepts, aligning them with ongoing projects within the dynamic Digital Commerce domain.
- Spearheaded contributions to test-driven development, elevating code coverage maturation, and implementing impactful feature enhancements.

# **ROSS Dress for Less**

Senior Store Protection Specialist

Chicago, IL (Mar 2021 – Dec 2021)

- Provided daily feedback to all SPS (Store Protection Specialists), fostering a culture of continuous improvement.
- Ensured accountability among associates, delivering corrective action when necessary.
- Demonstrated excellence by executing Best in Class practices and serving as a leading example.
- Facilitated monthly safety meetings to promote a proactive approach to workplace safety.
